Garber also stated that Goodfield State Bank offered to sponsor the sunflower field, so that was an aspect of the park beautification that was fully funded by sponsorship. Hunting at Black Partridge Park- Ordinance 21-22-04	Garber filled the board in about the official hunting dates which would be the first two weeks in November and the last two weeks in December. She said that IDNR would provide the signs that state something along the lines of "Hunting in progress, trails closed."

Pool Chemicals Quote	Garber presented the pool chemicals quote for the opening of the pool. She stated that a special meeting may need to be called to get the chemicals approved.
Mice in Office	Garber informed the board that there has been a mouse problem in the office. She has been putting out traps, but the board thought it would be a good idea to let the library know since the space is owned by the library.
Plumbing Issues at the Pool	Garber stated that when the plumber came out to open up the pool plumbing for the season, he found a major problem with the water heater system that controls the shower water heat. He stated that it would be a hazard to use the system this year without using it. The plumber also let her know that he also found an issue with the water level regulating system. Garber is planning to contact him to find out the exact quote to bring to the board.
Skid-Steer Quote Proposal	Tim Abney, maintenance supervisor, presented a quote to the board for a skid-steer. His idea was that the Park District could trade in the tractor to apply towards a skid-steer. It was decided by the board that although this was a good idea, this is something that would need to be discussed further and budgeted for.
